

INSTRUCTION MANUAL

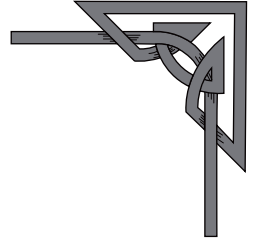

**GAME
PILLAR**

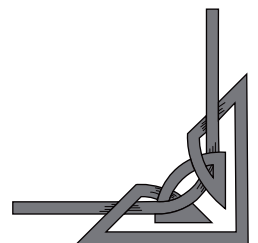

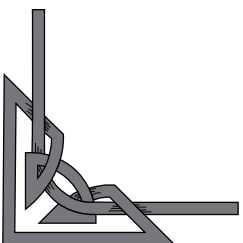

SAFETY WARNINGS

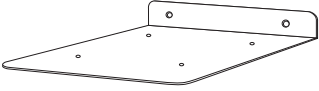

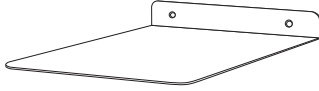

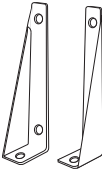

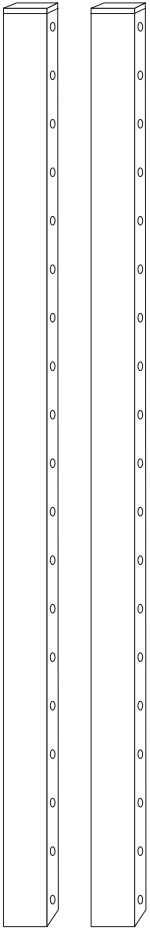

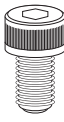

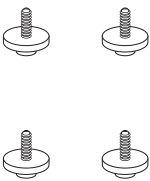

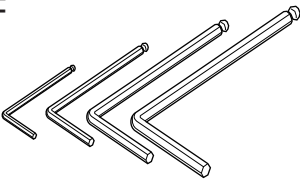

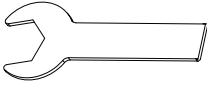

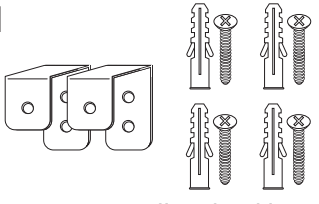

- After unboxing, please check that all screws, brackets, and accessories are complete to avoid missing parts.
- Please follow the instructions carefully. Do not overtighten or forcibly bend metal components to prevent scratches or deformation.
- Place the shelf on a flat, dry surface, avoiding damp (e.g., bathrooms) or high-temperature areas (e.g., near radiators).
- Check every 3 months for loose screws or frame deformation, and tighten or replace them as needed.
- Each shelf layer has a maximum load capacity of 8kg. For game boxes exceeding 8kg, please place them on the lower tiers (1st and 2nd levels). Other tiers should not hold game boxes over 8kg each.
- If the surface gets wet, wipe it dry immediately with a cloth. Do not use steel wool or acidic cleaners to prevent rust or paint damage.
- Avoid placing flammable or explosive items on the shelf.
- Do not allow children to climb on the shelf.
- After building your GamePillar, for your safety, please anchor it to the wall using the included wall anchor kit.
- If you have any questions or comments, please email us at support@boxkinggaming.com

TIPS: Proper use will extend the product's lifespan. Thank you for your purchase!

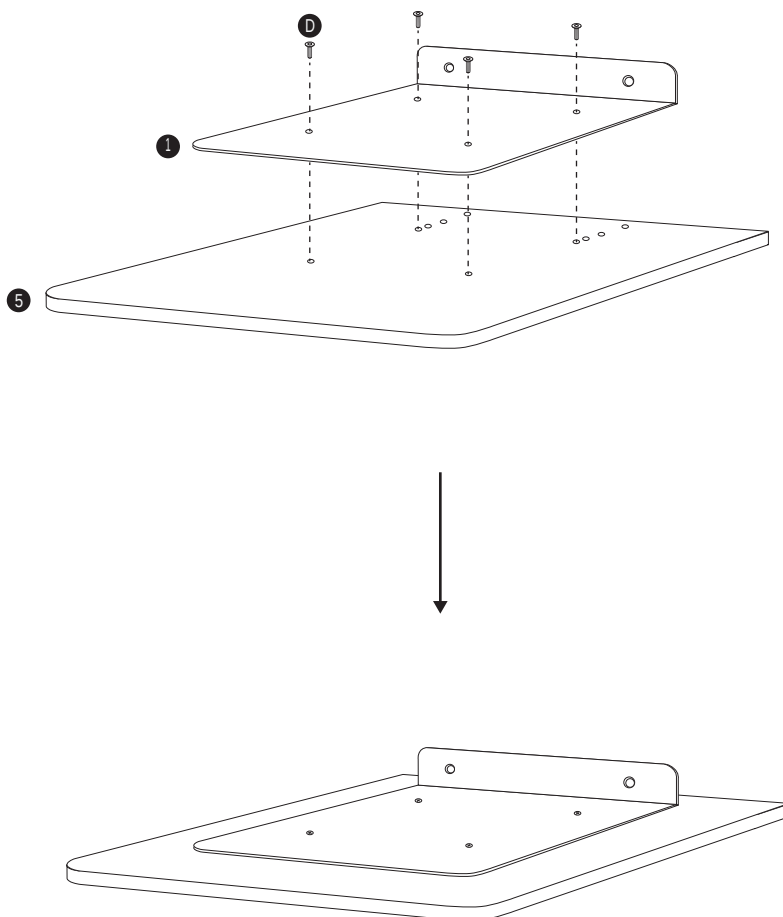

Required components:

1  Base Tray ×1	2  Shelf Tray ×9	3  Reinforcing Triangle Bracket ×2	4  Vertical Posts ×2
5  Base Plate ×1	A  M8*10 ×4	B  M6*50 ×20	
C  M6*10 ×2	D  M4*8 ×4	E  Adjustable Feet ×4	
F  2.5/4/5/6Internal Hex Wrench ×1	G  ×1	H  wall anchor kit ×2 Expansion Bolt ×4	

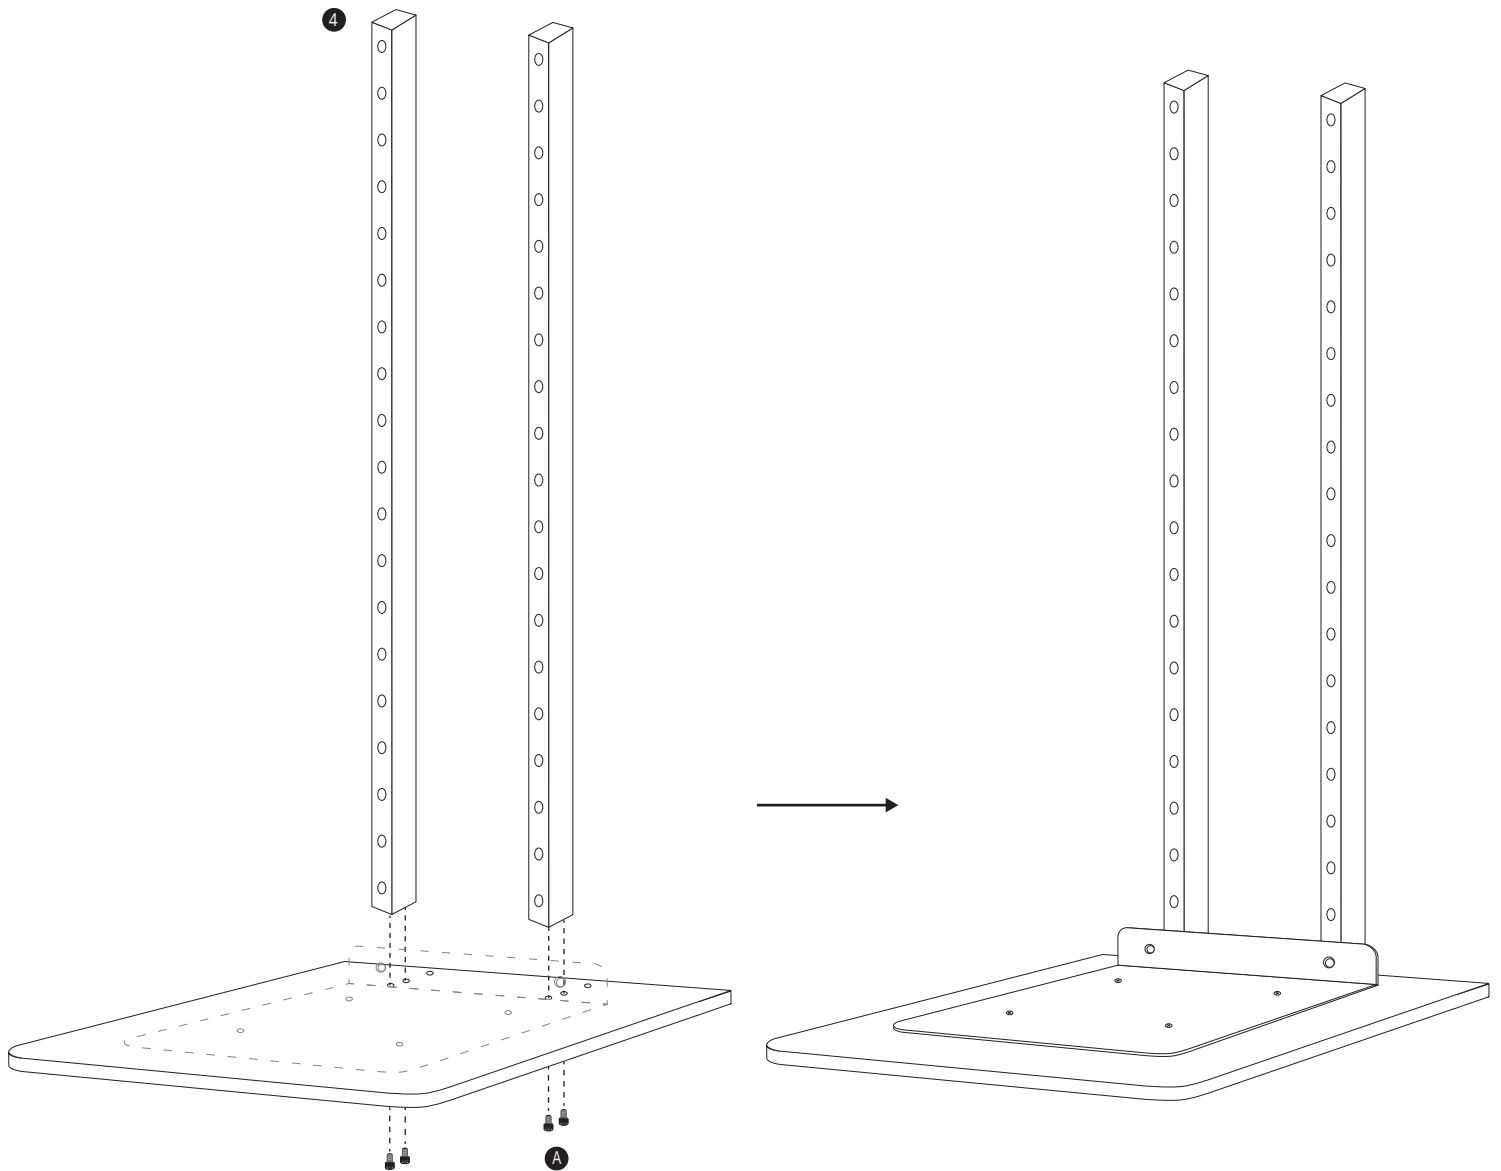

Step 1: Install the Base Tray

Align the 4-hole base tray with the 4th and 5th row holes on the base plate. Secure using screws.

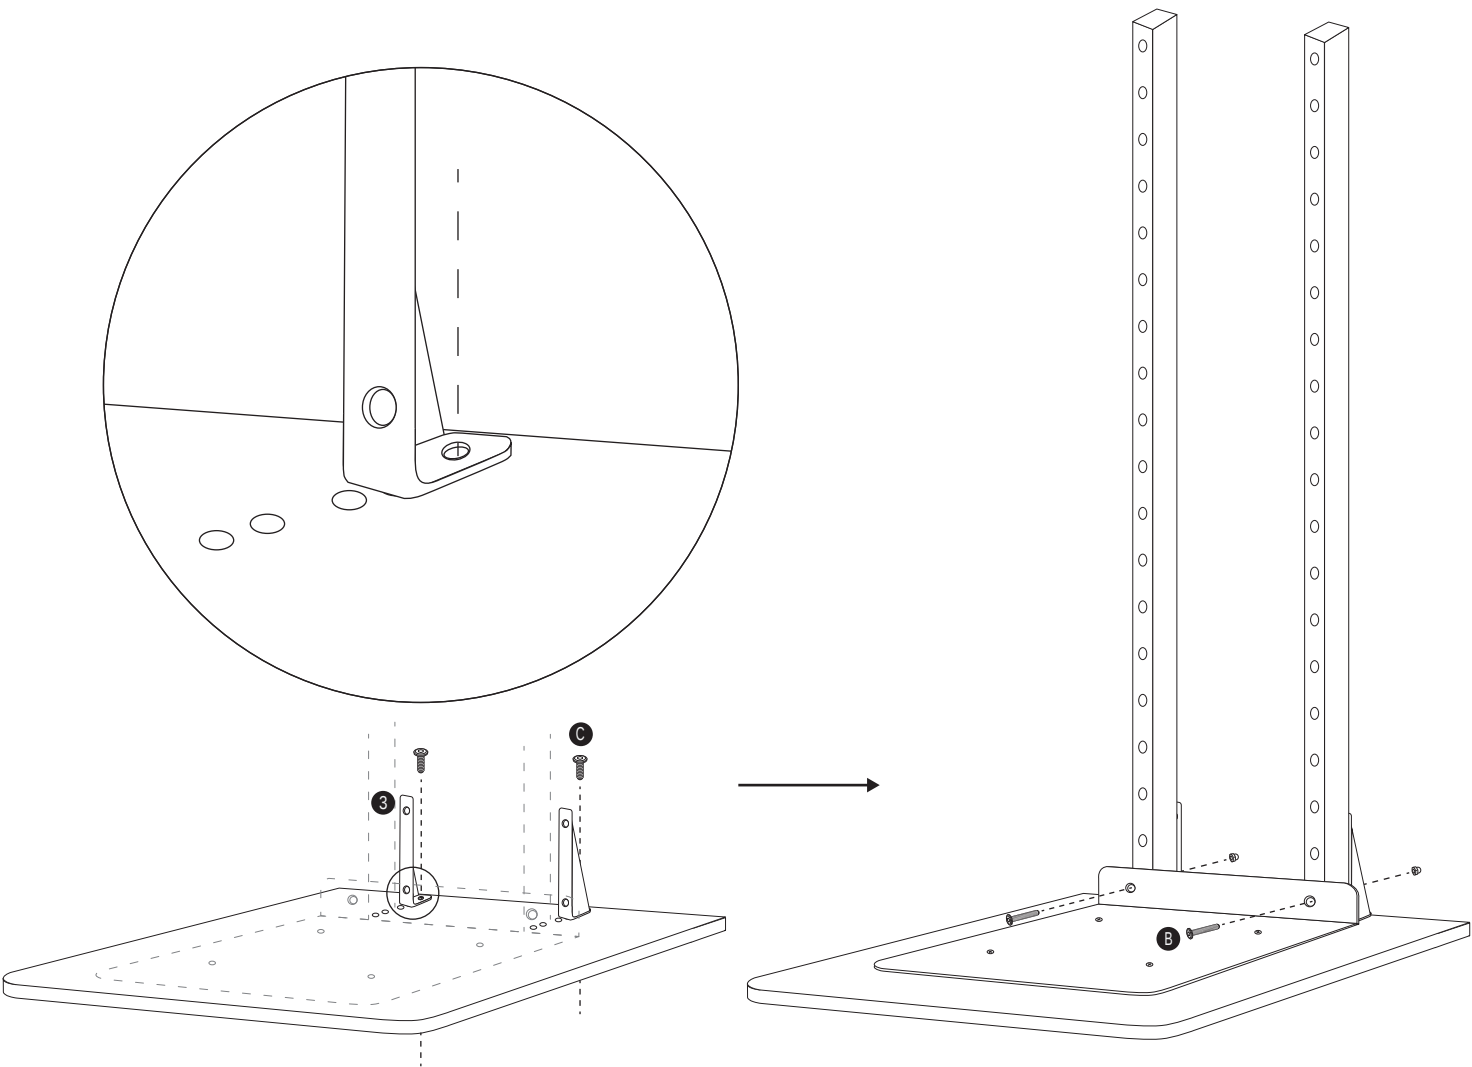

Place the vertical posts (hole side down) against the bracket tray. Align the post holes with the base plate holes. Tighten screws.

Step 3: Install reinforced triangular iron plate

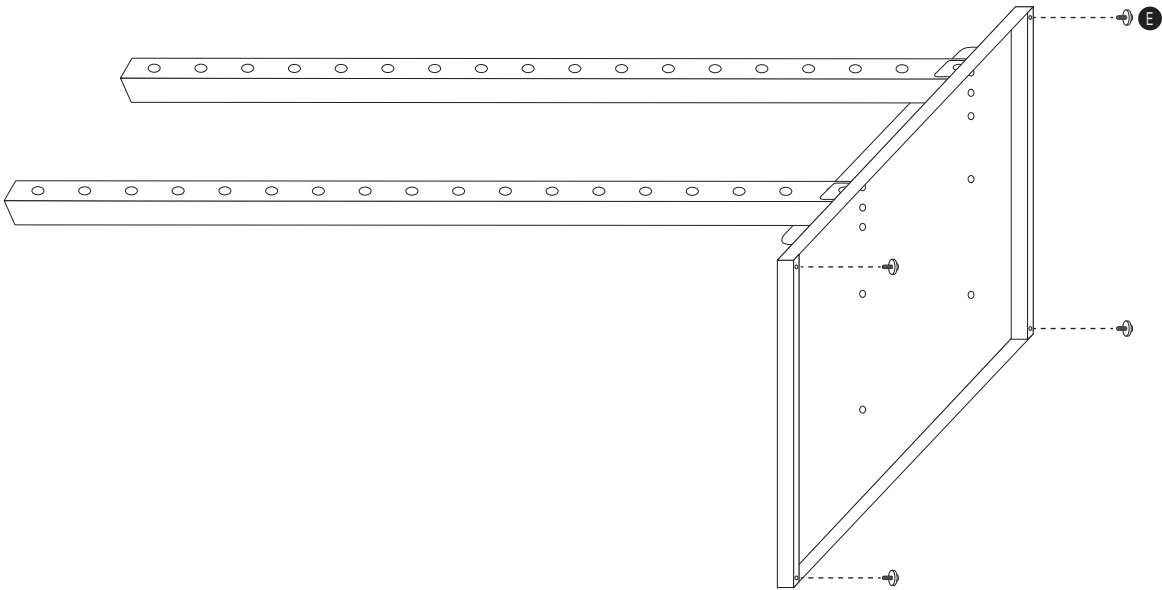

Place the Reinforcing triangle bracket against the post and align holes with the tray and base. Tighten screws.

Step 4: Install adjustable feet

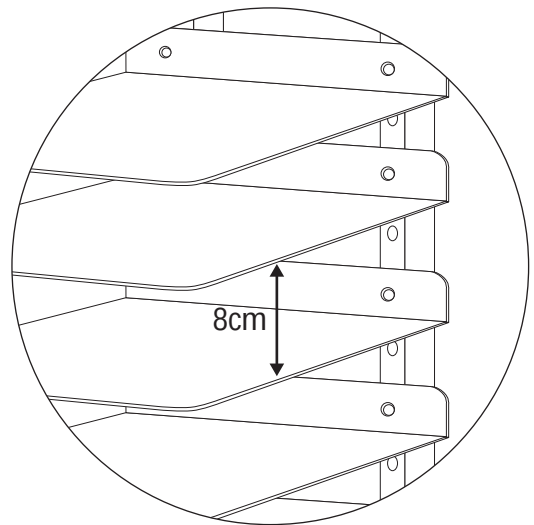

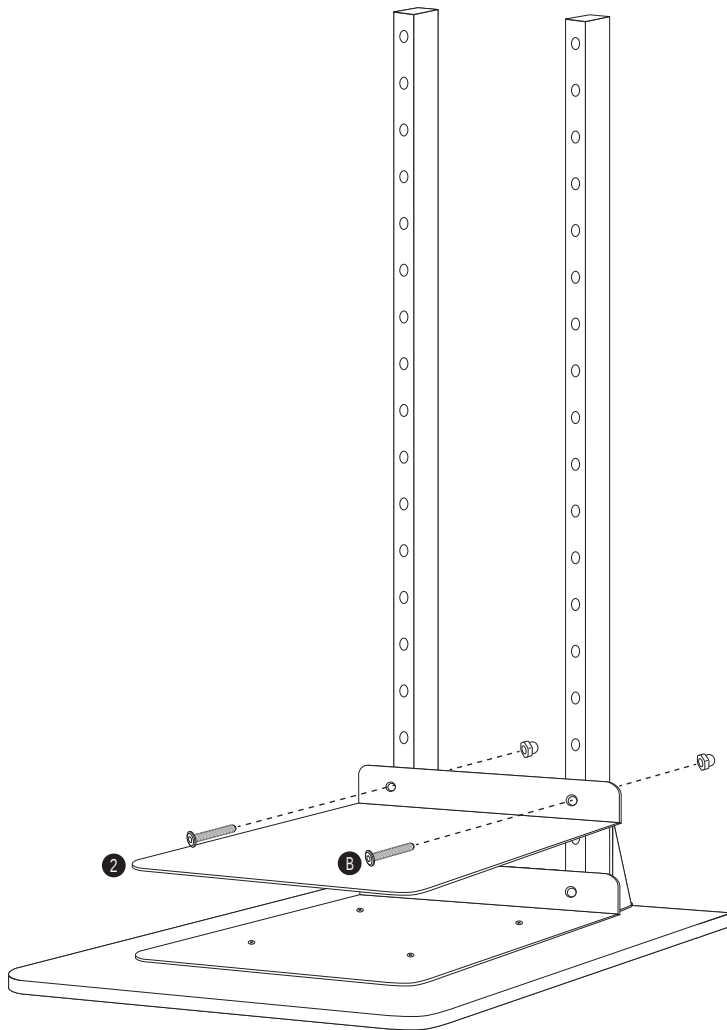

Screw in the four adjustable feet at the corners.
Flip the unit back upright.

Step 5: Install remaining trays

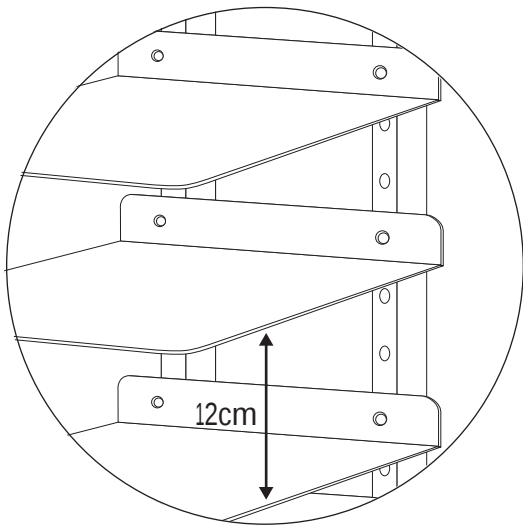

Mount the remaining shelf tray onto the post according to your game box height. Install the final tray upside down for the top support. (Hole spacing: 4cm)

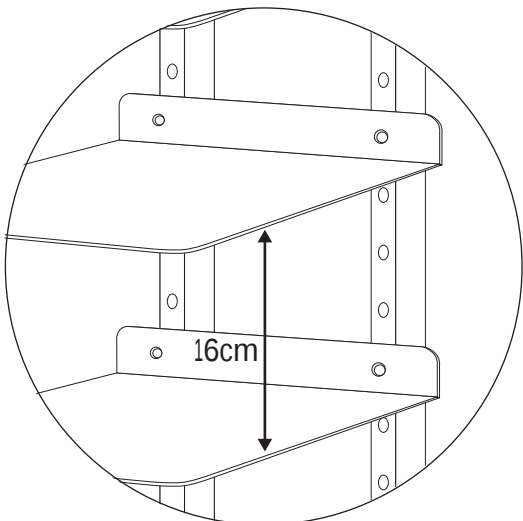

Fits 8cm-tall game boxes.

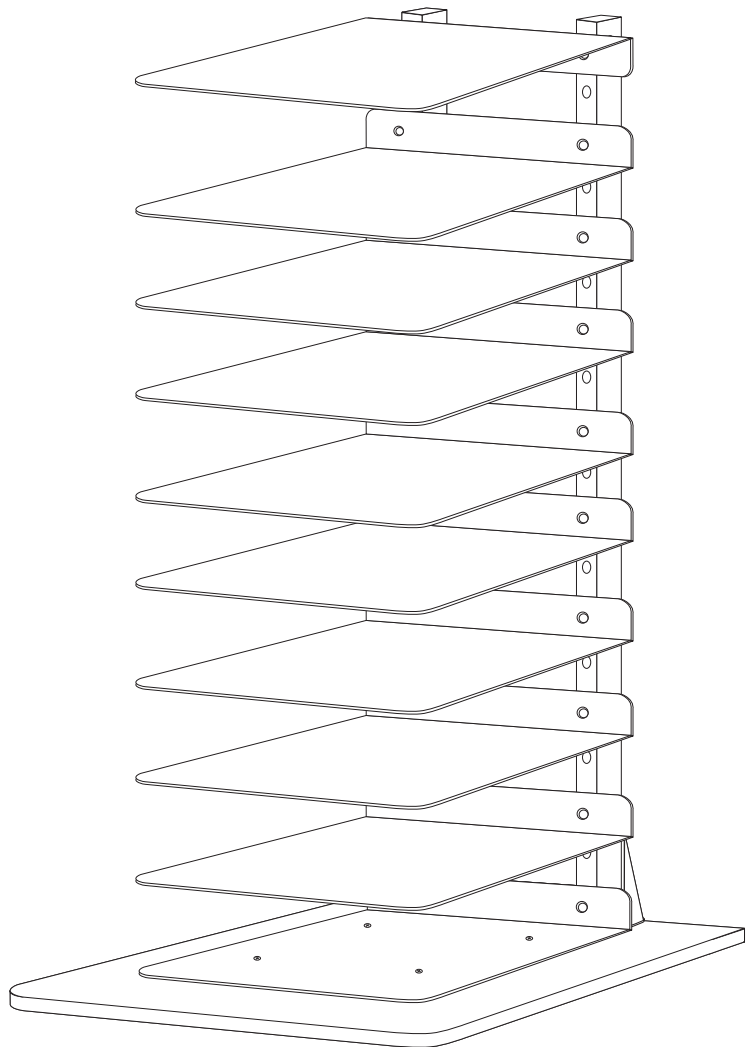

Proudly display your storage masterpiece!

Fits 12cm-tall game boxes.

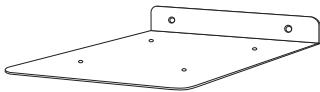

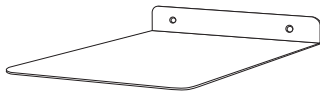

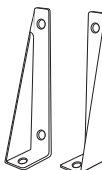

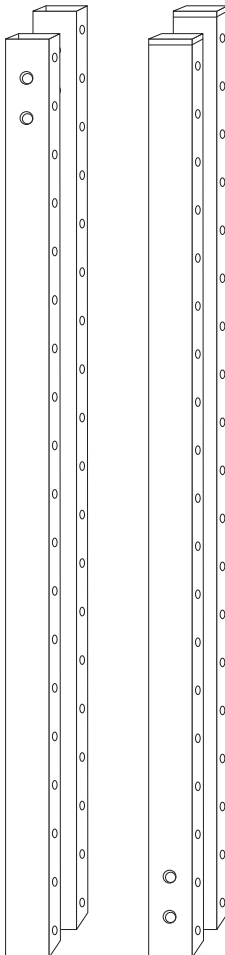

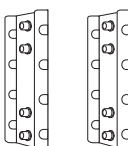

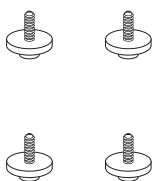

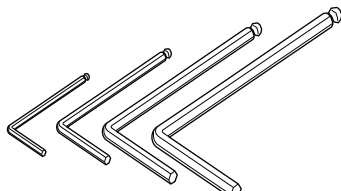

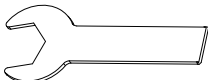

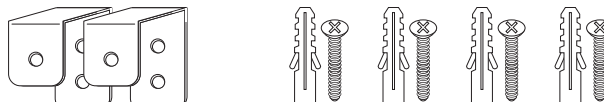

Fits 16cm-tall game boxes.

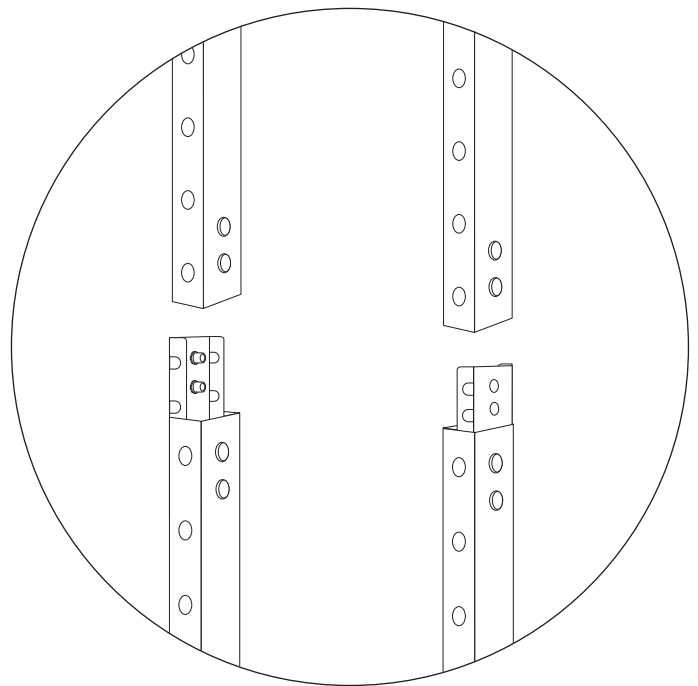

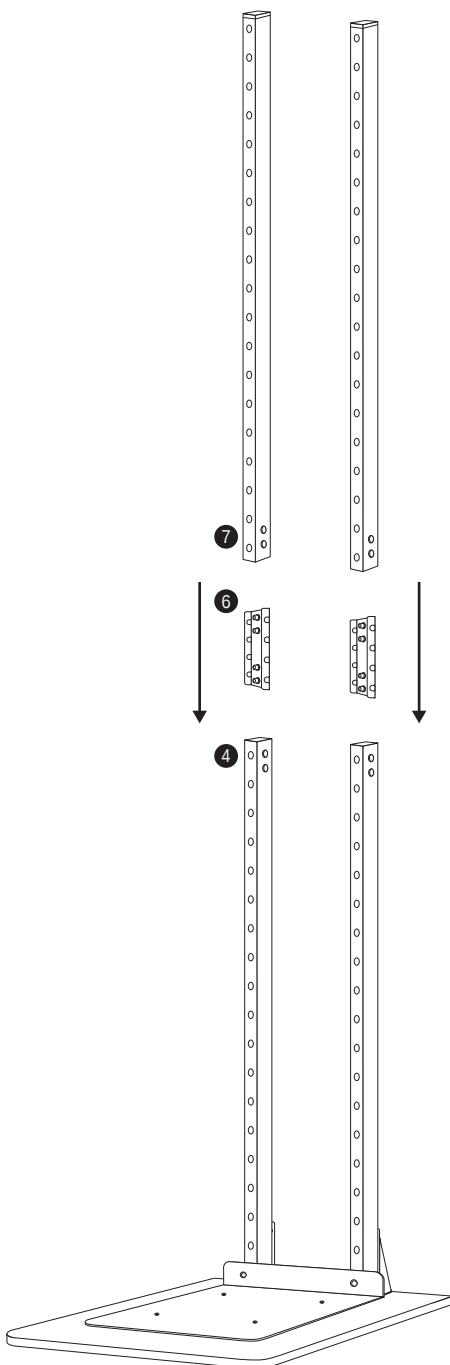

- For optimal stability, please store larger game cases on the lower shelves.

Required components:

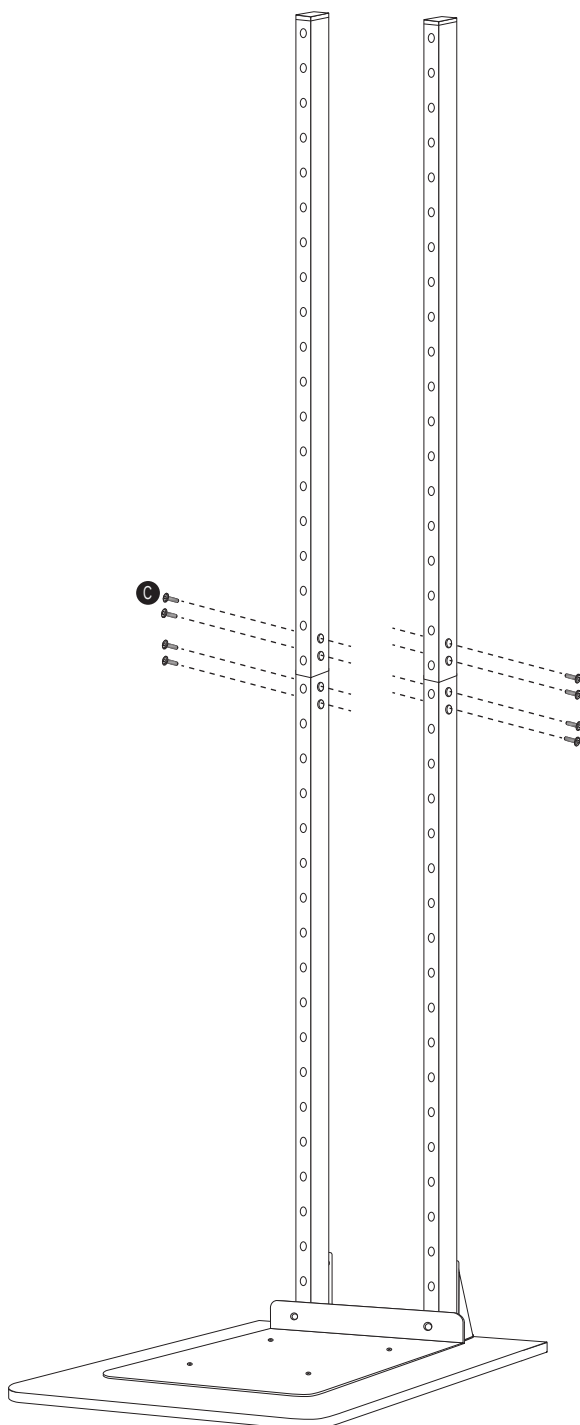

1  Base Tray ×1	2  Shelf Tray ×19	3  Reinforcing Triangle Bracket ×2	4/7  Vertical Posts ×2 Top Connection Post ×2
5  Base Plate ×1	6  Connector plates ×2	A  M8*10 ×4	
B  M6*50 ×38	C  M6*10 ×10	D  M4*8 ×4	
E  Adjustable Feet ×4	F  2.5/4/5/6mm Internal Hex Wrench ×1		
G  ×1	H  wall anchor kit ×2 Expansion Bolt ×4		

Insert two connector plates into the top of the lower post. Slide the upper post onto them to connect both posts.

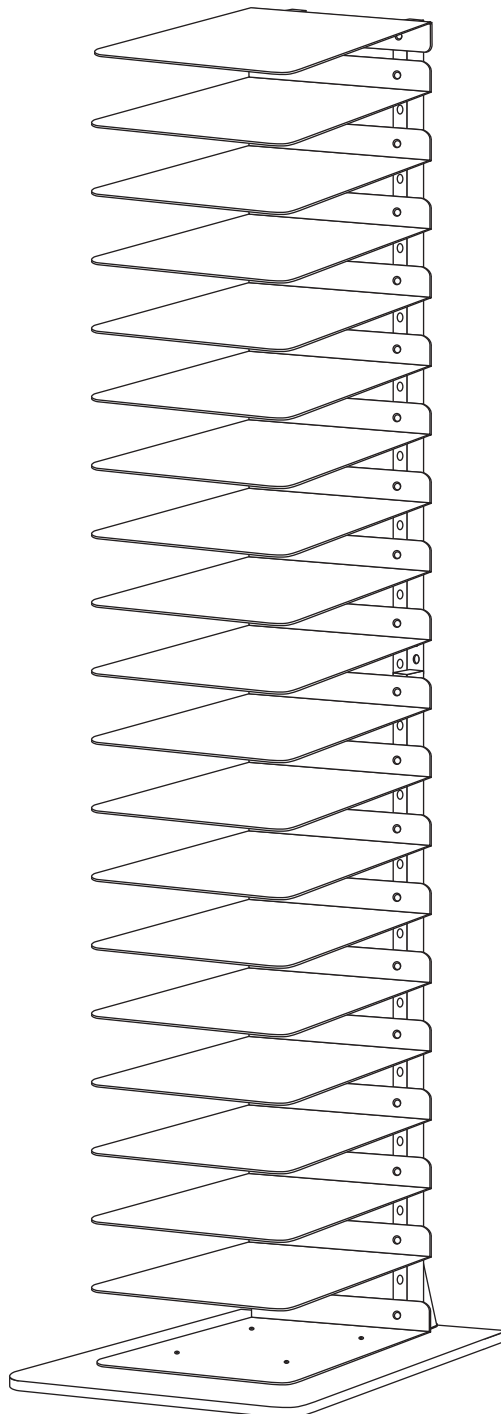

- Install vertical posts on the lower level.
Install top connection posts on the upper level.

Align screw holes of both posts to the connector plates and tighten screws.

Mount additional trays on the upper post. Place game boxes to complete the setup.
