

BOXKING

Operating manual

This product is an intelligent music rhythm Bluetooth controller. Bluetooth 4.0+EDR (Enhanced Data Rate) and the purity and clarity of specific speech based on DSP technology, may you have unlimited happiness in the combination of light and music.

PRODUCT FEATURE:

1. 10m barrier sensing distance, you do not need a remote pointing signal receiver.
2. Use mobile application control, RF remote control,
3. One key connection, lighting brightness, multiple modes.
4. Scene customization, it has timer function, music mode.
5. Support group management.
6. System compatibility: Android 4.0 and above, IOS 8.0 and above.

TECHNICAL SPECIFICATION:

- Operating voltage: DC5-24V
- Product size: L102*W62*H20mm
- Operating temperature: -20-60°C
- RF frequency: Bluetooth / 433.92mhz
- Weight: 157g
- Remote control battery: No.7 battery
